

Type of facade:

- Aluminium composit material
- Fibre cement
- Stoneware/Ceramic
- Glass
- Glass fibre reinforced concrete
- Wood
- HPL
- Natural stone
- Panels
- Finery
- PV module glass-glass
- PV module framed
- Trapezoidal sheets
- Steel panels
- Titan zinc
- Bricks
-

Producer:

Format: mm horizontal vertical

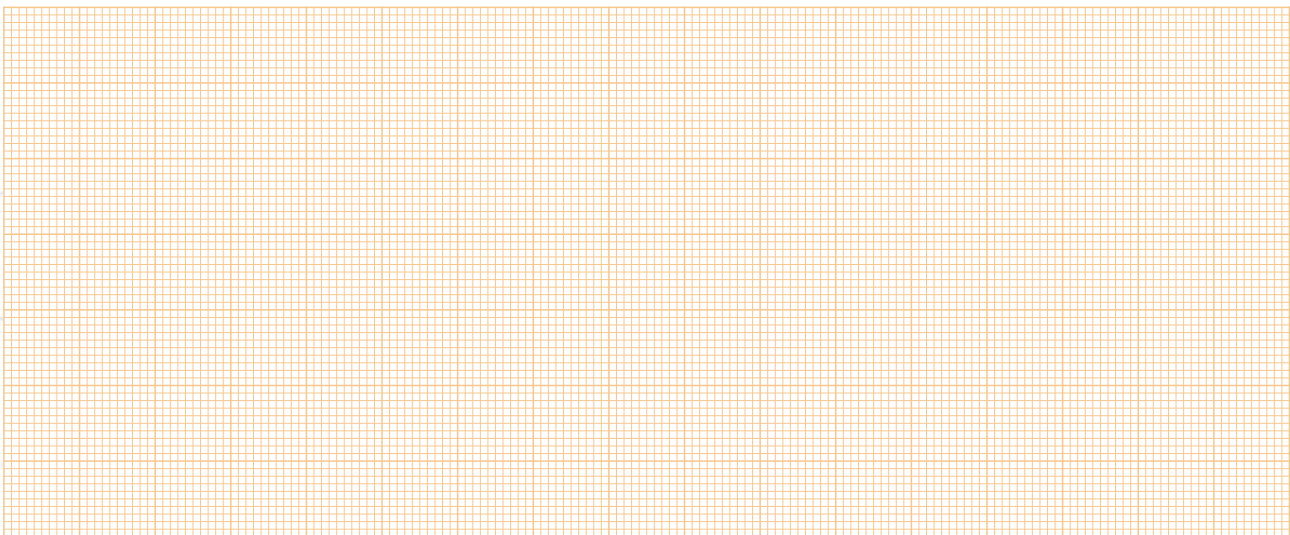

Thickness: mm

Weight: kN/m²

Fixing:

- Visible by Brackets Rivets Screws
- concealed by Undercut anchors Adhered backrails (PV) Screwed backrails (PV) Adhered agraffe bar Adhesive system
